WHAT TO EXPECT

The Life-Enriching Online Mini-Lab (short: LEE Online Mini Lab) is an opportunity to share, explore and learn together so that in these 3 days we hope for us to have the experience of connection, inspiration, expanding our awareness and skills, playing with people sharing similar interests. We will meet in Zoom, hoping for a group size 15-25 people. Working language will be English. We would prefer that the group starts and ends together, meaning being there the full three afternoons. This will allow more connection and fun! This mini lab is for free but donations are welcomed.
